PROFILE

Senior Talent Acquisition Partner with experience building and scaling technical teams across high growth tech and enterprise environments. Advanced sourcer, strategic hiring partner, and TA operator with a track record of outperforming benchmarks, recruiting for specialized and niche roles.

KEY ACHIEVEMENTS

Accomplished at Delta Dental Insurance, the largest dental insurer in the U.S. (30M+ members across 15 states), during an enterprise digital transformation.

- Hired 220 FTE employees across 12+ functions in 4 years while maintaining a 94% one-year retention rate and 4.65/5.00 Candidate NPS.
- Reduced cybersecurity time-to-hire by 65% through sourcing and strong partnerships with hiring leaders, reducing external agency dependency and saving \$500K in vendor spend.
- Outperformed team average time-to-fill by 13.3% (53.9 days vs. benchmark) while managing 10–25 requisitions across time zones simultaneously.
- Improved pay equity and hiring consistency by leading job leveling initiatives and standardizing technical interview frameworks, while partnering with Org. Effectiveness (HRBP), Compensation and People Leaders to improve candidate diversity and quality of hire.

EXPERIENCE

Recruiter

June 2025 – Present

TIMBER | Remote

- Full cycle recruiting and sourcing across Product, Engineering, Operations, and GTM functions for enterprise clients including ML and AI roles, managing searches from intake through offer across distributed teams and multiple time zones.
- Partner with hiring leaders to define role requirements, source passive candidates, and fill contingent and permanent openings.

Clients: Mercedes-Benz, Alaska Airlines, Wind River, Pokémon, F5, Stoke Space

Sr. Talent Acquisition Partner

December 2020 – April 2025

Delta Dental Insurance | Remote

Spearheaded the modernization of Delta Dental's tech talent acquisition function during an enterprise digital transformation, at the largest dental insurer in the U.S. with 30M+ members across 15 states.

- Recruited across Software Engineering, Infrastructure & Operations, Cybersecurity, Cloud Computing, Enterprise Architecture, Data & Analytics, Database Administration, Health Informatics, Product, Tech Ops, Quality, Business Process Optimization, Customer Experience, Clinical Innovation, Sales, and Finance, hiring 220 employees over 4 years.
- Managed the full recruiting lifecycle, from leader intake, job description alignment, candidate sourcing, interviewing, offer negotiation, and onboarding.
- Maintained a high evaluation bar through structured scorecards while delivering a strong candidate experience and leadership partnership.
- Doubled sourced hires in year one and led the team annually through OSINT, X-ray, CSE, Boolean, filetype searches, and talent mapping, improving quality of hire and reducing contingent labor costs.
- Tracked and reported applicant flow, funnel conversion, and recruiting metrics including time-to-fill, source effectiveness, and pass through rates, delivering pipeline updates and data driven insights to hiring leaders.
- Leveraged market intelligence and talent data to advise hiring leaders on leveling, compensation strategy, and candidate profiles across competitive technical markets including the Bay Area (SF/Oakland), Atlanta, Sacramento, Harrisburg PA, and remote distributed environments.
- Selected to support Delta Dental's cybersecurity teams due to the complexity of roles and difficulty of stakeholder environments, reducing time-to-hire by 65% and saving \$500K in vendor spend through direct sourcing, scaling Threat Detection Engineering & Incident Response, Red/Blue Teams, Vulnerability Research, Vulnerability Management, IAM/CIAM, Architecture, and TPRM.

- Identified gaps in Delta Dental's hiring evaluation process, assisted in the design and implementation of a standardized engineering interview framework, reducing evaluation bias and standardizing levels across software engineering teams.
- Identified improvement opportunities in the MSP contingent workforce program and helped optimize bill rates, vendor KPIs, and job level compliance to reduce contingent labor costs.
- Volunteered as a brand ambassador at DEI hiring events with FairyGodBoss and Computer Technologies Program, conducting interviews and mock sessions for underserved technical communities.

Senior Technical Recruiter

March 2019 – December 2020

Ledgent Technology (Roth Staffing) | Roseville, CA

- Ranked #1 on the Strategic Enterprise Accounts team, exceeding 100% of quota in 2019 and 2020, generating \$8K+ in weekly gross profit.
- Full-cycle VMS recruiting across Technology, Engineering, Operations, Marketing, Sales, and People/HR.
- Mentored new team members on sourcing strategy, candidate assessment, and full-cycle execution.

Clients: ServiceNow, Pacific Life, Edwards Lifesciences, PennyMac, LoanDepot, Logitech

Technical Recruiter

June 2016 – February 2019

DISYS | Remote

- Generated \$1.5M+ in total revenue from 2016 to 2019 with a 90%+ offer acceptance rate, achieving 100% of recruitment quota for three consecutive years.
- Built passive candidate pipelines using talent mapping, OSINT, and sourcing communities for niche technical contract and permanent roles.

Clients: Charter Communications, Cox Automotive, Layer3 TV, UTC – Fire & Safety, Microsoft (343 Industries), Kaiser Permanente, RAF Technologies, Verizon, City of Denver

Associate Recruiter

May 2013 – June 2016

Experis (Manpower Group) | Seattle, WA

- Ranked #2 nationally among Manpower Non-Key Account technical recruiters, generating \$6.6M in total revenue from 2013 to 2016 (\$3.9M in 2015, \$1.4M in 2014, \$1.3M in 2016).
- Achieved 300% growth in contractor hiring at Starbucks (11 to 33 headcount) from 2013 to 2015, earning sole staffing partner status for their Loyalty Rewards and Point of Sale QA Automation teams, valued at \$5M annually, and elevating Experis to Preferred Service Provider.

Clients: Starbucks, Amazon, Walt Disney, T-Mobile, Microsoft, Premera Blue Cross, Seattle Children's Hospital, Base 2 Solutions
